IH&RC 2025 Objectives

We are excited to announce the upcoming III International Health & Research Convention, scheduled to take place from 3rd to 6th February in 2025. Building on the success of previous two IH&R Conventions, the 2025 IH&RC aims to bring together leading researchers, pioneers in health professions education, healthcare professionals, women leaders, and industry experts from around the world to discuss the latest advancements and innovations in health care, research, education and leadership.

Under the theme "Advancing Global Health through Innovation and Collaboration" the convention will feature keynote presentations, panel discussions, workshops, and poster sessions designed to foster dialogue and collaboration. Attendees will have the opportunity to share their research findings, explore new methodologies and establish partnerships that can drive forward the global health agenda.

Session Contents

Sessions conducted by
Experts from
University of Leeds, UK
Sri Balaji Vidyapeeth,
Pondicherry
and Subject Experts

III International Health & Research Convention

February 03 - 06, 2025

SBV Campus, Puducherry, India

IH&RC 2025

Session I: Biomedical Research Workshop

Date: February 03 & 04, 2025

Venue: Bapuji Central Library

About

This two days hands-on workshop is designed to bring a one-to-one direct learning experience from global subject experts in learning from their expertise and develop required technical skills in two highly in-demand frontier areas of biomedical academic, research and service industry: Academic Writing Skills, Bioinformatics and AI.

Workshop Conducted by Experts from University of Leeds

Session Coordinator

**Assoc Prof. Karen E. Porter**

Reader; Lead for PGR Studies
Programme Lead International PhD Academy
Specialist Science Education Department
School of Medicine
Leeds Institute of Cardiovascular and Metabolic Medicine
University of Leeds

**Dr. Chew W Cheng**

Mautner BHF Career Development Fellow
Leeds Institute of Cardiovascular and Metabolic Medicine
School of Medicine
University of Leeds

**Prof. Balanehru Subramanian**

Professor of Medical Biochemistry;
Principal, School of Biomedical Sciences
Sri Balaji Vidyapeeth (Deemed to be University)
Pillaiyarkuppam, Puducherry 607402, India

Part I:

Academic Writing Skills

Objective To provide a skill training in the art of efficient academic writing

Topics Covered

Effective Paper/Proposal writing
Sample paper/proposal review - interactive session
Avoiding Plagiarism
Hands-on Writing Exercise
Versioning and Lab Book Protocols
Case Study and Project Discussion

Part II:

Bioinformatics and AI

Objective To impart the technical know-how in AI-enabled bioinformatics data analysis

Topics Covered

Multi-Omics Analysis
Data Integration Techniques
Hands-on Data Analysis
Interactive workshop using Python/R
Multi-Omics and Machine Learning Integration
Hands-on Model Training & Evaluation

Target Audience

Multi-Disciplinary Faculty,
Students, Scientists, Research
Scholars & Industry Professionals

Registration Fees

Academia: Rs 5,000/-
International: USD 200/-
Industry: Rs.10,000/-

For Registration & Details

<https://ihrc.sbv.ac.in/>

Registrations are first come, first serve and limited to 60 delegates only

Learning Outcomes

- * Ability to document & develop scientific data for publications and research proposal write-ups on medical information
- * Proficiency in effective use of Bioinformatics and learning how AI changes the landscape in data analysis

III International Health & Research Convention

February 03 - 06, 2025

SBV Campus, Puducherry, India

Session II: Cardiac Care Assistant Workshop

February 03 - 04, 2025

Medical Simulation Center, MGMCRI College Block

Workshop Objectives

This is a two days hands-on workshop conducted by eminent international faculty from the University of Leeds to empower the nursing/paramedical personnel in the knowledge, skill and attitude to perform and assist the process of cardiac assessment and monitoring. Upon successful course completion the participant would receive certification as a cardiac care assistant.

Workshop Conducted by Experts from University of Leeds

Session Coordinator

**Assoc Prof Rhona Riley**

Associate Professor Cardiac Physiology
Deputy Institute Director: Student Education
Leeds Institute of Cardiovascular and Metabolic Medicine
School of Medicine
University of Leeds

**Assoc Prof Natasha Watchorn**

Associate Professor Cardiac Physiology
Leeds Institute of Cardiovascular and Metabolic Medicine
School of Medicine
University of Leeds

**Prof. Sobana Jaiganesh**

Professor of Physiology
Deputy Director, Medical Simulation Center
MGMCRI
Sri Balaji Vidyapeeth

Learning Outcomes

On successful completion of the workshop the participant would be able to:

- Perform bedside ECG monitoring
- Perform non-invasive BP measurement and ambulatory BP application
- Assist in exercise tolerance testing
- Preparation for pacemaker follow-up
- Echocardiography
- Demonstrate effective safe working practice in the clinical/ community settings

Target Audience

Nursing and Allied Health Sciences personnel with a passion to learn and upskill.

Registration Fees

Academia: Rs 3,000/-

For Registration & Details

February 03 - 06, 2025

SBV Campus, Puducherry, India

Session III. Conference on Holistic Health Professions Education

February 05, 2025

About

The conference on holistic health professions education will bring together a diverse group of healthcare educators, both national and international, students, and researchers. With a purpose to explore and discuss ways to foster an understanding of the multidimensional aspects of training a holistic healthcare practitioner and the pivotal role educators play in achieving this goal through creating learner conducive training environments

RESOURCE PERSONS

**Professor Sonia Kumar**

Prof of Medical Education,
Associate Dean of Community Engagement
University of Leeds

**Professor Moe Thaw Oo**

Prof of Medical Education and Inclusive Practice,
Head of MBChB,
University of Leeds.

**Coordinator, SBV University****Professor Debdatta Basu,**

Dept. of Pathology,
MGMCRI, Puducherry

**Associate Professor Laura Smith**

Deputy Dean (Education)
Faculty Medicine and Health,
Director of Leeds Institute of Medical Education,
University of Leeds

**Mr. Steven Gleadall**

Educational Engagement Manager,
Head of STEM Outreach and Schools Liaison,
Institutional leader of Inclusive
Education and Hidden Curriculum,
University of Leeds

THEMES

- Values-based student selection and inclusive curriculum
- The inner and sustainable development goals in health professions education
- Holistic (biopsychosocial and spiritual) consultation/communication skills.
- Holistic wellness and spirituality to promote student experience, success and staff well being
- Innovations in health professions education including community engaged learning approaches
- Work-place based assessment for health professions education
- Competency Based Medical Education – perspectives from India & UK
- Academic training and promotions in health professions' careers

FORMAT OF SESSIONS

- Key note address/talks by eminent national and international speakers
- Panel discussion
- Thematic break-out sessions with experts
- Undergraduate student session
- Educational research paper/poster presentations by delegates

TARGET AUDIENCE

Open to national and international delegates
Residents, teachers and faculty members of various health professions
Administrative leaders and medical education/health professions unit coordinators

REGISTRATION FEES

Early bird upto 31 st October 2024	Rs 2500/-
1 st November 2024 to 31 st January 2025	Rs 3000/-
Spot registration after 1 st February 2025	Rs 5000/-
International delegates	USD 100

OUTCOME

This international conference will enable insightful discussions, share innovative approaches and explore practical strategies to train healthcare practitioners who can address the complex health challenges of our time.

**5th FEB 2025****MGMCRI Auditorium**
